North Okanagan's Grain Production Gains High Total

No. 1 Hard Wheat Features Prominently In Season's Crop

The production of grain has become one of the major features in the agricultural industry of the North Okanagan. This fact is more evident each year as the reports of the high quality grown in the valley are returned to the producers.

Last year, it will be remembered, a considerable amount of wheat grown in the Vernon district was graded as No. 1 Hard at the government elevators in Vancouver. This grade of wheat is the ultimate goal of all producers.

This year it is reported that the quality of the grain grown in the entire North Okanagan is again of excellent standard and No. 1 hard has featured prominently.

The Armstrong and Enderby districts are the chief wheat producing areas in the Okanagan. Around these centres the valley widens out and the large acreage of level ground provides the best wheat and other grain growing country.

WORLD'S FINEST

The spring grains produce as good average grades as on the prairies, the reports on crop results show each year, while the fall grain produces the highest grades. This, the agriculturists believe, is ample proof that the Okanagan is capable of producing grain that is the equal of the best grown on the prairies, recognized as one of the world's finest wheat producing areas.

There is enough grain grown in the North Okanagan to supply the district's own needs, such as for seed, local flour mills, and feed. The rest is for export. The use of grain as feed has not been as great for some years as the experts here believe is desirable, though recently there has been a tendency towards

an increase in the use for this purpose, especially among the owners of dairy cattle, hogs and sheep.

Most of the wheat shipped from the Okanagan is sent to Vancouver from where it is distributed for export to all parts of the world. Some where in the neighborhood of 200 cars of wheat are shipped each year to the coast from the North Okanagan, it is stated.

The yield of fall wheat has been particularly good throughout the entire wheat growing district with about 1 1/2 tons of the grain harvested from the acre on the average.

PEGGED PRICE

The price for No. 1 Northern has been pegged at 70 cents a bushel by the government. This is a difference of 11 cents from last year when the price was pegged at 81 cents. This price is paid f.o.b. the Vancouver elevators and the freight charges and incidental expenses involved in transporting the wheat are deducted from this amount leaving the farmer a total of about \$17 to \$20 a ton for his crop.

Some producers have reported a number of problems, particularly in seeking disposal when they have less than car lots to market. The government guaranteed price can be secured by shipment through any of the elevator companies in Vancouver.

In the case of farmers who have less than car lots to dispose of, there is the difficulty of arranging shipment because the quality or grade of the wheat may be different. All sorting which is done, therefore, really good wheat might go down through shipment with other that

is not so good.

One of the difficulties that have confronted the growers of wheat in the North Okanagan has been the susceptibility of some varieties to smut. One of the varieties grown most commonly in this district, the Jones-Fife, or Crail-Fife, has proved to be particularly susceptible to smut in the district north of Ladang, but south of that point the blight has not been prevalent.

As a result of this, considerable experimenting has been done by the horticultural department and a number of different types of smut resistant grain were introduced to the area such as the Redit and Ussar varieties. This year the results of this work have been very apparent and the harvest in these districts was notably free of the blight.

Not only were they free of smut but the crops were also particularly large this year. Besides wheat, particularly fine crops of oats have been harvested. This condition has been general throughout the entire North Okanagan and some farms have reported that the oats have been much heavier to the bushel than in any other year.

Some of the largest grain producers in the North Okanagan such as Hiliard McCallan, P. C. Williamson, R. Swanson, Pinton Dunn, W. Sydney, in the Armstrong district, and the L. and A. Ranch, the Coldstream Ranch, Frank Choveaux and George Anderson, in the Vernon district, all report these good crops.

Of these, the Coldstream Ranch, which produced high grade wheat last year, confined itself to other grains this year, notably to oats which were of exceptionally fine quality.

Salmon Arm Voters Pass Money By-Laws

Waterworks Improvement And Hospital Extension Are Now Assured

SALMON ARM, B.C., Oct. 2.—The voting on the Waterworks Improvement By-Law and the Hospital Extension By-Law was held in the City Hall on Thursday of last week.

Both by-laws passed with large majorities. The water by-law had 112 for and 9 against while the hospital by-law had 108 for and 15 against.

The city proposes to renew a large portion of the water mains as well as to re-locate the lines that are at present under the cement paving. This should eliminate to a large extent the costly repairs that the city has had the past few years, as well as give uninterrupted service to the users.

The Hospital Board have felt for some time that the present hospital facilities were inadequate and now

that the Provincial government has made a grant they are extending every effort to give good and sufficient hospital service.

The new addition will be used to a large extent for the maternity wards.

PRETTY WEDDING CEREMONY

Masses of leaves and autumn flowers formed the background, in the Salmon Arm United Church, for a pretty ceremony uniting in marriage Margaret Mackay, only daughter of Mr. and Mrs. A. Bedford, of Salmon Arm, and George Dugan, only son of the late Mr. and Mrs. Thomas Heatley, of Victoria, Rev. V. H. Sansum officiated.

The bride, who was given in marriage by her father, wore an after-brothered crepe with harmonizing accessories. Her corsage was of mauve and purple blended stocks. Mrs. Frank Thomson attended the bride as matron of honor, wearing a frock of comet blue crepe with wine accessories. Her corsage was of white and pink carnations.

The groom was supported by Frank Thomson, and acting as ushers were Noel Dawson and Vic Bedford.

Miss Evelyn Diamond played the wedding march and accompanied Miss Betty Munroe when she sang "Because," during the signing of the register.

Following the ceremony a reception for relatives and immediate friends was held at the home of the bride.

The bride's table was centered with a tiered wedding cake flanked by tall white tapers in crystal holders.

The tea table, where Mrs. E. Dowman and Mrs. A. Bedford, Jr., presided was centered with a silver basket of bronze chrysanthemums and harmonizing candles.

RED CROSS BRANCH

It was an enthusiastic crowd that met in the Rex Theatre recently to discuss the formation of a Salmon Arm branch of the Red Cross Society.

Representatives of the various churches and organizations were on hand and spoke in favorable terms of the proposed effort.

A resolution to take steps to organize a local branch was passed and temporary officers were elected as follows: president, R. J. Skellon; vice-presidents, Mrs. McLeod, Mrs. Pearson, Rev. M. E. West, Mayor Thomson, and Rev. Damgaard; secretary, W. H. Snell; treasurer, P. A. Ruth.

NEW BAPTIST MINISTER

Rev. G. F. Dawe arrived last week to assume his duties as pastor of the Salmon Arm Baptist Church.

The induction service was held on Friday afternoon when a good number of the congregation gathered to meet their new minister and his wife.

OYAMA RESIDENTS RETURN FROM TRIP TO BRITISH ISLES

Major Shaw-MacLaren And Miss Mary MacLaren See War Preparations

OYAMA, B.C., Oct. 2.—Major T. D. Shaw-MacLaren and his daughter, Miss Mary MacLaren, returned to their home here last week after a holiday of almost three months spent in Scotland.

In a short account of their trip, told of their stay in Scotland during which they visited many places of historical interest, including Glencoe Castle, the Queen's family home.

Throughout their entire visit, defensive precautions were going ahead at high speed in both Scotland and England. While in London, they purchased gas masks which they brought back with them.

The most exciting part of their trip was their return home. The liner on which they were sailing was escorted by two destroyers and several hours after they left Liverpool, one of the war vessels suddenly veered away from the ships and dropped three depth charges in rapid succession.

It was later learned that a submarine had been sighted and that the destroyers believed they had succeeded in sinking it.

After this experience the thought of lurking submarines was uppermost in the minds of most of the passengers, Miss MacLaren said, and she and her father were greatly relieved to land on the solid shores of Canada.

Arnold Churchill shot a large bear recently.

Mrs. Norman Davies, who was alone on the Y-V coach, shot a bear cub on Saturday. The mother bear was with two cubs picking berries near the ranch house.

The packing houses are working to capacity, Macs and Johnstons are coming in fast. The weather has been ideal for picking.

KINSMEN APPLE DAY

October 14 has been the date set for the annual Kinsmen Apple Day in Vancouver. Orchardists of the Okanagan are always interested in this venture, by which the valley's fruit gets considerable advertising.

It is stated that the club this season hope to dispose of two cars of McIntosh Red apples in this way.

LARGE ATTENDANCE FOR THANKSGIVING SERVICE IN GRINDROD

Women's Institute Hold Very Successful Plant Sale

GRINDROD, B.C., Oct. 2.—St. Paul's Church was crowded on Sunday evening for the Harvest Thanksgiving service conducted by the Rev. Irwin, who gave a very interesting address, the attendance of the Enderby choir was much appreciated by the congregation.

A most successful plant sale was held by the Women's Institute on Friday afternoon.

Mrs. Rogala, of Winnipeg, is visiting at the home of her sister, Mrs. A. Harrison, for some time.

Mrs. S. E. Halksworth and daughter spent the week end with friends in Sicamous.

Miss Doris Hill returned home on Tuesday after spending the past two months in Armstrong.

Miss G. N. Clarke, of Hedley, spent the week end at the home of her parents, Mr. and Mrs. B. E. Clark.

Mrs. J. G. Pollock spent a few days last week visiting in West Summerland.

T. Hull and family spent Sunday in Kelowna.

E. Clarke is spending a few days at his home here from Winfield.

J. McCulloch, of Vernon, was a business visitor to Grindrod on Monday.

Katie Berg returned to Grindrod on Saturday after having spent the past ten days in Summerland.

A quiet wedding took place on Sunday in the Catholic Church, when Amelin Karpovich and Tom Mackay were married by Rev. Father Cole. After a trip to south valley points the young couple will reside in Grindrod.

Thousands of sheep from Hunters range have been passing through here during the past week. While there is not any snow as yet on the range, severe frosts have caused the sheep to be driven down for their winter pasture.

STANLEY'S AMAZING ADVENTURE IN AFRICA IS STORY OF PICTURE

How Henry Stanley found David Livingstone in the heart of Africa, how the world called the newspaperman "the most colossal liar of his age," and how he later became the greatest hero Century-Fox picture, "Stanley and Livingstone," which comes to the Capitol Theatre on Thursday, Friday and Saturday, October 7, 8 and 9.

Spencer Tracey, twice an Academy Award winner, portrays Stanley. Nancy Kelly, and Richard Greene, are starred with Tracey. Another Award-winner, Walter Brennan, heads the outstanding cast which includes Charles Coburn, Sir Cedric Hardwicke (as Livingstone), Henry Hull and Henry Travers.

In 1937 Mrs. Martin Johnson, the famous explorer, led an expedition of 27 Hollywood players and technicians into the wild Tanganyika country of Africa. They began at Bagamoyo, on the coast opposite the island of Zanzibar, and retraced Stanley's historic nine-months' trek in 1871. They spent five months in reaching Ujiji, the village where Stanley found Livingstone, filming the country, which had changed little since it first witnessed one of the most heroic adventures known to man.

Says Purity Maid, "I know what it takes. It's always successful with pastry and cakes."

"And Purity Flour stands out far ahead 'As the best of all flours for biscuits and bread.'"

PURITY MAID SAYS:

"Men are great ones for telling their wives about the wonderful pies their mothers used to make, or the wonderful cakes, or the beautiful bread. My mother used to make beautiful bread, pies and cakes, too. But I make just as good pastry and cakes as my mother used to, and far better bread. Because I use Purity Flour, made from select western wheat. It is a stronger flour. It produces more bread and is better bread. And it's just as good for cakes and pastry. Try it."

ENGLISH TEA BISCUITS
2 cups Purity Flour (sifted)
1 teaspoon baking powder
1 teaspoon salt
3/4 cup fine white sugar
1 cup butter

METHOD—Beat flour with baking powder and salt, add sugar. Cut in butter add and mix. Add milk to make a stiff dough. Roll out on floured surface and cut with cutter. Place on greased and oiled pan and bake in moderate oven of 350 degrees for 20 minutes. Serve hot.

GET THE PURITY COOK-BOOK
My Purity Cook Book—200 pages of recipes and baking hints, cloth bound—sent postpaid for 40c. Write: Canada Flour Mills Co. Limited, Toronto.

Best for all your Baking

For KITCHEN and BATHROOM

YOU need Gillett's Lye in the kitchen and in the bathroom. Keep it handy for drains, for pots and pans, for numerous other household tasks.

Gillett's Lye will save you hours of hard work—it's the easy, efficient, economical way of cleaning.

*Never dissolve lye in hot water. The action of the lye itself heats the water.

FREE BOOKLET—The Gillett's Lye Booklet tells how this powerful cleaner cleans clogged drains, keeps out-bowls clean and odorless by destroying the contents of the closet. How it performs dozens of tasks. Send for a free copy to Standard Brands Ltd., Fraser Ave. and Liberty Street, Toronto, Ont.

RICHLAND NOTES

RICHLAND, B.C., Sept. 30.—The young people of Richland are planning a dance in the Richland Hall on October 7. This is the first dance of the season and a good crowd is expected.

S. Jones has shut down mining operations near Monashee for the winter, and is now working his Cherry Creek placer mine.

Roy Clark is working in the packing house at Winfield.

A. S. Matheson, school inspector of Kelowna, was in Richland on September 27 on business connected with the school.

Miss Helen McLaren is in Vernon for a few weeks' work, packing. Mrs. Schnard and children, who have been visiting in Richland, have returned to their home on the prairie.

Rain on Tuesday night stopped threshing for a day, but it is in full swing again and with good weather should be finished next week.

Local Boxla Boys Wind Up Schedule Defeating Klippers

Vernon Emerges On Top With 12-11 Count—Whirlwind Finish

After meandering through two very uneventful and rather boring periods of lacrosse in the Civic Arena on Friday night, the Vernon club and the Kamloops Klippers suddenly sprang to life in the third and fourth periods of the game and met in a rough and tumble counter that finally wound up with Vernon emerging the victors 12-11. Kamloops took the initiative in the first period with two goals by Burdick and a counter by MacDonald before the local aggregation woke up to their surroundings and planted a tally of "Duke" O'Brien stick. Kamloops was having none of this, however, and Britton slipped through the opposition to score another goal for the main liners before the stanza ended.

The play in this period was little short of being downright sloppy. Both teams missed pass after pass and some players were handling their sticks with about as much effectiveness as soup ladles. In the second period, after Kamloops had established its three goal lead, the local aggregation sloped out rapidly to redeem themselves. O'Brien and Turnbull galloped down the floor to ring up the first counter in the initial sixty seconds of play and immediately after the face off repeated the performance only this time in less time, 30 seconds to be exact.

BUNGLED PASSES
After this the game took a new lease on life and plenty of action was splashed around. The play, however, was still suffering from too many inaccurate and bungled passes. When the period ended after a hectic free scoring session, Kamloops still held a slight lead with the score 6-5. The Vernon team had only Derry's work in goal, to thank for the fact that the Kamloops score didn't soar to much greater proportions.

Then came the dawn. Vernon started to apply the pressure with a certain measure of success and before the period was well under way O'Brien had scattered the opposing team as chaff before the wind and scored the tying goal. Britton retaliated for the main liners as the Klippers tried to stem the flow but the locals were not to be stopped. Turnbull picked up the loose ball in centre floor and with a long fast shot rammed home the goal that tied things up at 7-7.

Not long after this, as the game grew slightly rough, three Kamloops and two Vernon men were sitting in solemn silence in the lock-up.

As the third frame entered its last few minutes, Conley took a neat pass from Claughton and the resulting score the locals gained the lead for the first time in the game with the score 8-7.

Continuing the Vernon scoring streak in the next period O'Brien received a pass from Turnbull and made one more scoring the Vernon lead. Then Kamloops took a hand in the game, which was becoming slightly out of order from their point of view, when McDougall placed a nice shot behind Derry.

Replying with defensive measures,

Doble and MacLachlan combined on a neat scoring play, then Johnson and MacLachlan repeated the performance in an attempt to discourage the Klippers. Kamloops was not to be downed, however, and Lansbury and MacDonald each did their bit within the next few moments.

Claughton slipped in Vernon's twelfth and final goal just before Kipp led a dying rush by the Kamloops team which secured only one counter and the game wound up with the locals holding the edge in this close fought and probably last lacrosse battle to be staged in the Civic Arena this year.

TRINITY VALLEY ROADS ARE STEADILY IMPROVED

TRINITY VALLEY, B.C., Sept. 30.—A well attended Thanksgiving Service was held at the School here on Sunday, by the Rev. J. Brisco, of Lumby. The school was nicely decorated with ferns and autumn foliage and some fine specimens of fruits and vegetables.

Mr. and Mrs. T. G. Vliet and family, of Squaw Valley, and Mr. and Mrs. W. Smith and daughter, of Armstrong, were visitors at Trinity Valley on Sunday last. Slashing and graveling are steadily improving our roads. A few people are working on the Derby Hill end at present. J. Bramham, of the Canadian Forestry Association, gave a picture show at the school on Monday evening. About sixty people gathered together and the pictures proved very interesting and instructive.

KELOWNA EMPLOYEES PROTECTED BY COUNCIL

KELOWNA, B.C., Oct. 2.—The Kelowna city council moved at its meeting on Monday evening of last week to protect its permanent staff employees in case any are called for active duty in defence of Canada, so that their positions would not be impaired upon their return.

In the event of any member of the permanent staff being called for active service, his position will be filled by a temporary appointment and the employee will be reinstated without loss of seniority on his return. Also, if such an employee is under the superannuation scheme the city will continue his payments to the superannuation fund.

PATRICK MACKIE HONORED
Patrick Mackie, of Coldstream, has been awarded Honorable Mention, 1st Class, for his water-color painting, "Under the Bridge," exhibited in the 8th Annual B.C. Artists' Exhibition, now on view at the Vancouver Art Gallery.

EWING'S LANDING NOTES
EWING'S LANDING, B.C., Sept. 30.—Mrs. A. H. Kenyon has just returned from Vancouver, where she spent a short holiday.

Mr. Church, of London, Eng., left on Thursday last for New York, from which port he will sail for the Old Country. Mr. Church spent the summer months with Mr. and Mrs. F. E. C. Haines.

Vincent Pease is staying with his mother, Mrs. A. O. Pease, at the Forest House.

War News

(Continued from Page 1)

Democrat, opened a history-making Senate debate on October 2 on neutrality with a warning continued embargo of United States arms exports to belligerent powers will aid Germany. But Senator William Borah, Idaho Republican and leader of the group opposing the Roosevelt administration's "cash, credit and carry" plan for arms exports, declared repeal of the embargo would lead to United States involvement in the war between Germany and the Allies. Borah said United States could not refuse to fight for the Allies if they were supplied with American arms. Repeal of the embargo, which the President has requested, would make United States war material available to all belligerents, but observers have pointed to Britain's command of the seas as making it possible for the Allies to obtain such shipments and at the same time virtually exclude Germany from American markets. Plans for repeal of the Senate Foreign Relations Committee declared at the outset the proposal to repeal the arms ban and place all trade with belligerents upon a 50-day credit-cash-and-carry basis was "the most important legislation that has been proposed to Congress."

Meanwhile the Senate Foreign Relations Committee said the Allies may find a trade restriction in Hoover's statement that they cannot use it.

French and British troops on the Western Front continued pressure against German lines this week as the tide turned in the second month without major change in battle positions. The French High Command in a communique said "local enemy attacks have been repulsed" near Sarrailh and east of the Saar. The communique reported German artillery fire from French positions was falling on German positions in our line. Tactics of the High Command seemed to be keeping a steady pressure on German lines while naval forces pressed the economic blockade at sea. At the same time, however, French troops constantly sought to improve their positions on German territory so that Nazi command will have a job that much harder if it decides to launch an offensive. Military observers in Paris reported it likely that when the Nazis see their efforts to make peace have failed and the blockade seems to be felt the German army probably will be ordered to strike in force on land and in the air in an effort to break the siege. French observers said they were convinced Hitler knew his peace plan was doomed to failure but was carrying on with it to bolster a thesis at home that France and Britain were aggressors.

Recruiting

(Continued from Page 1)

own home town. Overseas service is not anticipated. There are already seven branches operating at the Coast and Kelowna and Penikese are also showing interest.

Mrs. Raymond gave an outline of the actual organization. There are four forms of training, clerical, motor transport, first aid, and commissariat. But before an applicant definitely joins one class she has a probationary period of three months during which she covers a ground-work in each of the four divisions.

There are lectures once a week and at the beginning of each meeting military drill is given by the Adjutant under the supervision of an ex-Army instructor.

It was decided to hold the first parade meeting on Tuesday, October 17, at 8 p.m. The place of meeting will be advertised later.

The Directorate, which has been appointed by Headquarters, is as follows: Chief, Commandant and President, Mrs. B. J. McGushy; Senior Commandant, Mrs. L. V. Cullen; Secretary, Miss Elizabeth Layton; Treasurer, Mrs. B. Locke; Physical Director, Miss Anna Pulton; Membership Officer, Miss Lydia Bishop.

Mrs. Kennedy and Mrs. Raymond left on Sunday for Kelowna, where a branch of the Women's Service Club is to be formed, and there addressed a meeting of prospective members.

Shippers Analyze Fruit Subsidy At Kelowna Session

Major M. V. McGuire, who returned from a visit to Ottawa, analyzed the fruit subsidy problem at a session of the Kelowna Shippers' Association last Friday afternoon.

Meeting in Kelowna Wednesday morning, members of the Kelowna Shippers' Association discussed the fruit subsidy problem. McGuire, who is a member of the Dominion Shippers' Association, declared that the fruit subsidy problem is a complex one and that the shippers' association is not yet in a position to make a definite statement on the subject.

He pointed out that the fruit subsidy problem is a complex one and that the shippers' association is not yet in a position to make a definite statement on the subject.

Tall Flag Pole Is Being Secured For School Site

Suitable Ceremony To Be Arranged For The Dedication

Highlights of the school calendar for the month of October, at least from the student viewpoint, will be the Thanksgiving holiday on October 10 and the school's first day at the end of the same week when teachers meet in Armstrong for the annual Teachers' Convention. October 30 is the date set for the opening of the school cafeteria. This department is especially well equipped for the cold weather sets in because of the large stove to obtain a hot drink or soup at lunch-time.

The first football game of the season was the Vernon High defeat the Kelowna eleven 2-0. Play was a little ragged, with both teams feeling their way cautiously in Week one. The game was a draw, 0-0, when the teams met in Week two. The game was a draw, 0-0, when the teams met in Week two.

SERVICE CLUB WAR WORK INTERESTING TO LAVINGTON LADIES

LAVINGTON, B.C., Oct. 2.—A number of interested Lavington ladies motored to Vernon on Friday evening last to attend the Women's Service Club meeting held in the Legion Hall and hear an address on "Women's War Work."

A. Woods, of Armstrong, was in the district with his balling gang last week, and the thrilling questions are also about finished. The first picking of "Macs" is over here, and the next will soon be started.

Huge quantities of apples are on the ground as a result of a wind storm. The intense heat of the intense heat of the month of August, is also thought to be a reason for sudden dropping of apples.

WELL KNOWN BUSINESS FIRM HERE IS SOLD

McCulloch Interests Bought By Loughheads, Formerly Of Vancouver

Sale of one of the city's best known business firms was completed last Friday, by which the McCulloch & Son, Ltd., was purchased by M. A. Loughhead and his son, T. E. Loughhead, formerly of Vancouver.

McCulloch & Son, Ltd., was founded in 1917, that the late "Alex" McCulloch bought out the business of M. J. O'Brien, and for 17 years thereafter at the corner of Mission and Goldstream Streets he operated the well-known premises which were the headquarters for a large wholesale trade in tobacco, confectionery, paper products, aerated waters, and related lines. Since his death in December, 1934, the firm has continued under the able direction of Mrs. McCulloch.

THERE IS NO "NAZI" CHURCH IN THIS CITY

Rev. J. Propp Brands' Rumors As False And Malicious—Window Broken

Many strange tales have been circulating in connection with a local church. One statement is that there is a Nazi church in the city. How this false rumor has ever started, seems to be a mystery.

"Persons responsible for such rumors, should examine themselves in the presence of God as to their honesty and love towards God and his Kingdom. Does not Canadian patriotism also demand real honesty?"

"Whatever a man soweth that shall he also reap." Such are the comments of the Rev. J. Propp of Peace Lutheran Church.

MISS BETTY SHIELDS IS MARRIED IN LUMBY

Quiet Ceremony Marks The Marriage Of Young Couple

LUMBY, B.C., Oct. 4.—A quiet marriage was performed at the Anglican Church in Lumby, at 7:30 Wednesday morning, when Betty D. Shields, daughter of Mr. and Mrs. W. J. Shields, of Lumby, was married to Charles M. Shields, son of Mr. and Mrs. J. Shields, Cobocook, Ontario. Rev. James Brisco officiated.

The bride wore a crinoline dress of brocade tulle and a short veil with hair head-dress, and carried a bouquet of roses and white carnations.

She was given away by her father and the couple were attended by Miss Thelma Quenel and Fred Morrison. Mrs. Pierce presided at the organ.

Town and District

Mr. and Mrs. E. N. Peel, of Endersby, were visitors here on Monday.

Miss Joy Wells returned to the Coast on Monday after two weeks spent visiting here with her brother, J. Wells.

Otis Reinhard left on Friday evening for Edmonton where he will resume his studies at the University of Alberta.

Mrs. W. H. Oils and infant child returned to their home in Red Pass on Wednesday after a month spent visiting here at the home of Mr. and Mrs. R. A. Ferguson.

Mr. and Mrs. G. Lang, and their daughter Mary, of Indian Head, Sask., and Miss M. E. Harvey, of Vancouver, are at present visitors at the home of Dr. and Mrs. J. E. Harvey.

Miss Mary Landreth, of Lander, Man., who has been visiting her sister, Mrs. W. F. Jamelin and family, left on Tuesday for Salmon Arm, on her way to Agassiz and other points.

Mr. and Mrs. A. Robertson, of Tisdale, Sask., arrived in this city on Monday where they were met by Mr. and Mrs. W. Richardson, of Lumby, whose guests they are to be during the next two weeks. Mrs. Robertson is Mrs. Richardson's sister.

Mr. and Mrs. T. E. Yuill returned to this city on Friday after two weeks spent in Vancouver, during which time Mr. Yuill attended a business conference for three days last week. Prior to that, they enjoyed a short holiday visit with relatives at the Coast.

Brigadier M. Junker, of Vancouver, divisional commander for the Salvation Army in British Columbia, will speak in the Salvation Army Hall here on Friday evening on the work of the B.C. Division of the Army. His address will be accompanied by pictures of the activities at present occupying the attention of the organization in this province.

F. Radons, president of Peace Lutheran League, is leaving on Friday next for Regina, Sask., to continue his studies for the ministry at Luther College. A farewell party was given by the young people in honor of their retiring president, at which a "Testament" was presented as a token of appreciation for his faithful work.

Cyril Large, of Vancouver, addressed a meeting here on Wednesday evening in the Burns Hall on the work being organized on this continent by Technocracy Inc. Large told of the study the group is making of conditions in North America today and how they feel these conditions might be bettered through Technocracy.

Mr. and Mrs. Alen Strang, of Vancouver, visited here on Thursday and Friday last at the home of Mrs. Strang's grandparents, Mr. and Mrs. William Forester, and with other relatives in this city. Mrs. Strang is the daughter of Mr. and Mrs. J. Howard Forester, of Vancouver, and she and her husband spent a short holiday in the Interior after their marriage at the Coast on Wednesday of last week.

Through the efforts of Mrs. Stuart Martin, a Junior Service League has been formed among former High School girls here with the object of co-operating with and assisting all local welfare organizations. At the first meeting held on Wednesday, W. R. Pepper was elected honorary president, with Miss Mildred Lockwood, president; Miss Ruth Cullen, vice-president; Miss Ruth Ley, secretary; and Miss Betty Kwong, treasurer. During the winter months the League will devote its efforts to make children's clothing.

Douglas Archibald, for almost three years tetter in the local branch of the Canadian Bank of Commerce, left last week for Vancouver where he will relieve in the Fairview branch of the bank. Later he will join the staff of the Robson Street branch to which he was transferred from here. Mr. Archibald will be greatly missed in skiing circles here this winter as he was an ardent follower of this popular sport. He also held a keen interest in other local activities. He has been replaced in the local bank by Norman Watson, formerly of Oliver, who is well known to many friends here. He is a nephew of Mrs. R. Gillespie and Miss Margaret Watson, of this city.

Mrs. C. M. Wilson, of Edmonton, is visiting here at the home of her brother-in-law and sister, Mr. and Mrs. W. S. Strachan.

F. H. Middlemiss, Dominion postal inspector, of Vancouver, was a visitor here on Monday while making one of his periodical inspection trips through the Interior.

It was announced in Victoria this week that the Assize Court and the Supreme Court will begin sessions in the Vernon Court House on November 13. Cases of both a criminal and civil nature will be brought before the court.

Mrs. C. M. Watson arrived at her home in Coldstream on Wednesday after ten days spent in Victoria. During her stay at the capital, Mrs. Watson was the guest of Mr. and Mrs. L. J. Proctor who were formerly well known residents of Endersby.

Mr. and Mrs. W. S. Harris returned to this city on Wednesday after several days spent in Vancouver where Mr. Harris attended the annual convention of the British Columbia Division of the Canadian Weekly Newspapers Association last Friday.

A number of local men who are interested in the development of placer mining along the Monashee Creek, east of Cherryville, have formed themselves during this past month into an organization known as Placer Placers Ltd. Several of these men already have properties on Monashee Creek and they hope that through this group they will be able to develop the claims to their greatest advantage.

Mrs. Gordon Corbould arrived here on Thursday of last week to spend ten days as the guest of Mr. and Mrs. James McCansh. While in the city Mrs. Corbould will complete arrangements to have her own household furnishings transferred to New Westminster where her husband is at present stationed with the New Westminster Regiment. He was in the Bank of Montreal here, until called up for military duty.

After an absence from Vernon of nearly five years, George Green returned to this city on Tuesday from Scotland. Mr. Green came here after the war and was a resident for about 12 years. In 1935 he and his wife and daughter left for Scotland where they resided up to a short time ago. Mr. Green plans once more to reside here and he will be joined shortly by Mrs. Green and their daughter, who are now in Regina.

The regular monthly meeting of the Chrysler Chapter of the I.O.D.E. was held in the Board of Trade room on Monday afternoon when the members of the society discussed the ways in which they might be of help to Canada at this particular time. It was decided that the group should co-operate with the Red Cross Branch in every way possible and arrangements are now being made towards this end. The I.O.D.E. also plans to hold a Rummage Sale at the Scout Hall on Saturday, October 21, to raise money for their relief fund.

The Rev. H. Kroeger, president of the Canada District of the American Lutheran Church, and his family, from Yellow Grass, Sask., were visitors at the home of the Rev. and Mrs. J. Propp lately. President Kroeger was on an inspection tour of the B.C. mission field of the A.L.C., and was guest speaker at a special service in Peace Lutheran Church here at this business meeting that followed. The Rev. J. Propp, hitherto travelling missionary of the province, was unanimously elected as stationary pastor of Peace Lutheran congregation.

The Junior Board of Trade has planned for next Tuesday, October 10, its first dinner meeting of the fall season. Besides members of the local board, representatives from the Junior Boards in Kamloops, Salmon Arm, and Kelowna will be in attendance. Mayor Bowman, representatives of the City Council, and Everard Clarke, president of the senior Board of Trade, have also been invited. During the meeting, J. R. "Tim" Armstrong, of Kelowna, will report on the national convention of the Junior Chambers of Commerce of Canada which was held last month in Calgary. The principal speaker at the banquet will be Dr. E. W. Prowse who is to present an address on the history and work of the Canadian Red Cross Society.

RED CROSS JOINING WITH ELKS FOR BIG CARNIVAL THIS MONTH

October 18 And 19 Are The Dates Chosen For Entertainment

When war broke, it was felt by the Elks committee, that perhaps their Carnival arrangements for which were well forward, should be cancelled, to leave the way open for the Red Cross to act for war demands.

However, the matter was placed before a meeting of the local Red Cross, with the offer to put the Carnival on for both Red Cross and Elks. Chairman Chester. The Red Cross gladly accepted and are working with the Elks, to make the two evenings of carnival, Wednesday and Thursday, October 18 and 19, in the Scout Hall, an outstanding success.

The following message from Lord Tweedsmuir was transmitted to the Canadian Welfare Council on September 2, and has been emphasized by leaders of the local efforts:

"It will soon be my duty to appeal to the people of Canada to support the various benevolent activities called forth by the crisis. But now I would appeal for those civilian welfare services which must go on whether our country is at peace or war."

"Poverty and distress we have always with us, and their relief is a primary duty, whatever other duties may be forced to assume. Moreover there will be much need for re-conditioning before certain classes of our people can meet the keeping-up of production which war demands."

"So I confidently appeal to the people of Canada to maintain those voluntary charities which are essential both to the success of our war effort and to our normal community life."

It would therefore appear that the Vernon people were already conscious of their duty, along the lines contained in the Governor-General's message.

The city of Vernon is carrying on in just this way. For 19 years past the local Elks have raised funds for year round relief and Christmas Cheer.

SALMON ARM BOXLA TEAM TAKES FIRST PLAY-OFF FIXTURE

Kamloops Klippers Get The Short End Of 12-8 Score

SALMON ARM, B.C., Oct. 2.—The Salmon Arm boxla squad are one game up in the Interior Lacrosse playoffs as a result of a 12-8 win over the Kamloops Klippers last year's Intermediate Champions, in Salmon Arm on Tuesday night. Mayor Thomson, of Salmon Arm, faced-off the first ball and the playoffs were under way.

The large crowd that attended were treated to some real lacrosse in one of the fastest games seen in the Salmon Arm arena this season. The next game of the playoffs will be played in Kamloops on Friday night.

CONTINUE TO PRESS FOR EMBARGO AGAINST SUPPLIES TO JAPAN

The Vernon Committee for Chinese War Relief have during this past week forwarded a petition to the government and other responsible sources advocating that an embargo be placed on the shipment of war supplies to Japan.

The petition says, in part, "we petition the Prime Minister and government of Canada for the good of humanity and for the sake of our country's honor and future security, with which is bound up the security of the British Empire, to place an immediate embargo, under the powers of the Customs Act, on shipment of war materials from Canada to Japan, and also take all possible steps to urge members of the British Commonwealth of Nations, and the United States of America, also to place an embargo on exports of war materials from their countries to Japan."

Besides to the government, copies of this petition were sent, to, among others, Lord Tweedsmuir, governor general of Canada, Hon. Dr. R. J. Manion, leader of the conservative opposition in parliament, Hon. T. D. Fleming, premier of B.C., and Hon. Anthony Eden, minister of the Dominions in the British Cabinet.

Andrew Pierre and Angus Alex, Pentleton reserve Indians, were fined \$25 each at Pentleton on Monday, charged with being intoxicated.

Alec Wilson, Al Weller and Reg Shado plan to leave on Saturday for Vancouver to spend a holiday at the Coast.

Mrs. Fred Galbraith left on Saturday for Vancouver where she plans to spend a month visiting her mother, Mrs. H. B. McCrae. Mr. Galbraith accompanied her to the Coast and returned early this week.

Mrs. B. M. Richards, of New Westminster, arrived in this city on Monday to spend a few days visiting at the home of Mrs. B. Hamilton. Mrs. Richards was for many years a resident of Vernon and has a wide circle of friends here.

Mr. and Mrs. Dale Frane and their son Vernon Frane left on Tuesday for their home in Palo Alto, California, after ten days here as the guests of Mr. and Mrs. George Jacques. The Franes' visit was spent at the Jacques' camp on Mabel Lake where they enjoyed some fishing.

MEYERS STUDIOS will be taking sittings at the National Hotel, Friday, Oct. 6th. Those who have not used their coupons are urged to take this last opportunity to do so.

Hours: 10 A.M. to 10 P.M.

WAR FLASHES

(Continued from Page 1)

Labor Peer in the House of Lords supported Lloyd George's appeal of Tuesday that Britain should be ready to listen to a "real proposal for peace."

The Foreign Secretary added in reference to the Turk-Soviet parleys in Moscow that "we certainly should always be glad to see friendly relations maintained between the two great neighbors, Russia and Turkey, which we believe need not in any way conflict with the closest tie between us and Turkey."

Lord Cecil said "It would be impossible to accept peace involving the recognition of the conquest of Poland, but I do not feel quite sure if it is enough simply to say we won't have that and say no more. It would be a great pity if we made no alternative proposals of our own."

The Moscow attitude towards Turkey is reported to be stronger than that of Lord Halifax. In a new interview with Soviet head, Foreign Minister Saracoglu was told it is stated, he would have to choose between Britain and Russia and must give the latter a share in the control of the Dardanelles.

Rumors of another naval engagement came today when observers reported hearing heavy gun fire off the coast of Denmark near Esbjerg. It continued all day but details have not yet been announced.

Meantime some 700 of the crew of the German liner Bremen were reported to have reached Bremerhaven from an unannounced neutral port presumed to be Murmansk. Captain Adolf Ahren was promoted to Commodore by Hitler.

HORSE KILLED IN FIGHT WITH ITS TEAM MATE

ENDERBY, B.C., Oct. 2.—Archle Preston had the misfortune to lose one of a team of horses this week when the animal was apparently thrown against a plow by the other member of the team and was impaled through the heart and lung by the projecting plow handle.

Editorial

MORE FUNDS ARE NEEDED FOR ADVERTISING BUDGET

EFFECTIVE advertising of British Columbia apples cannot be done for \$50,000. The Dominion Government has set aside such a sum and there is appreciation of their aid, but once again it is going to be demonstrated that "the Lord helps those who help themselves."

If the British Columbia 1939 apple crop is to be sold profitably this Winter and next Spring, efforts must be made which \$50,000 will not pay for.

It is going to be necessary to induce Prairie dwellers to use more apples than they have ever used in their lives. Apples cannot be classed as a necessity unless it is by wishful thinking. But the Prairie people can be shown that apples are the most effective and one of the most pleasant foods to which a majority of the human race has access, and that by eating plenty of apples they can pleasantly and profitably cut down on other expensive foods. By eating apples instead of citrus fruits they assist a Canadian industry, help fellow Canadians, keep our good money in Canada, and have a lot of satisfaction of mind and body they might otherwise miss.

There are 3,053,529 people in 763,382 families in Western Canada. To consume 3,500,000 boxes of apples, each family must purchase four and a half boxes of apples, probably more than twice as many as they enjoyed last year. Such purchases would involve an outlay of at least \$3,500,000. To persuade them to do this is some job. It is a job which will cost more than the \$50,000 the Dominion Government is providing and if the apple growers are to have it done for them, they must help themselves by adding to the sum appropriated by the government.

Business figures five percent of a gross turnover is a fair advertising appropriation when the selling job is not especially difficult. The \$50,000 the Dominion Government is appropriating is less than 1 1/2% on \$3,500,000 — less than half enough.

To be successful, the Okanagan fruit growers must supplement the Dominion Government grant. An example of productive advertising is furnished by the calavos growers' experience in California. For ten years that crop averaged 1,500,000 pounds to 3,500,000 pounds. In 1925 a successful advertising campaign sold profitably a 13,500,000 pound crop.

If an intensive campaign can be made to sell nearly five times the usual number of calavos which are not widely known, the right type of advertising campaign backed by sufficient money, can force the consumption of apples on the domestic market up to 4 1/2 boxes per family.

The growers have voted for advertising. Why not do a thorough job?

LIFE INSURANCE UNITES THRIFTY FOR THEIR OWN PROTECTION

LIFE insurance has a proud and enviable record in every national emergency in which this Dominion has participated. It emerged from the last war with honor and credit and its policies indicate that there will be no diminution in the crisis which lies ahead.

In the last quarter century, life insurance shows remarkable growth. In 1914 life insurance in force totaled a little more than a billion dollars. By 1919 this had doubled, and life insurance in force today exceeds more than six billions of dollars.

The pessimists we have always with us. They say, there is no need to take out life insurance; that when this war is over Canada will be broke, its debts repudiated, and that life insurance will be valueless. Of course they may be right. Just as likely to be right, as that when we have won this war we will hand the conduct of Canadian affairs over to the Communists to take away our homes, exalt the beasts in us, deny God, and bring all down to the lowest common denominator in the human race.

Rather we incline to the other idea that Canadians will cling to the preservation of liberty, will adhere to those things which in our present society we find honest and most helpful and stand on guard against shiftlessness, untruth, and dishonesty.

Just as life insurance policies increased from the war year of 1914 to today, just so have payments to policy holders increased from nearly \$21,000,000 in 1914, to more than \$150,000,000 in 1938.

Today, life insurance stands out as one of our greatest co-operative enterprises in which millions of thrifty men and women have united for mutual protection.

Life insurance leads one way. On the other hand fire insurance still struggles along with board companies damping non-board companies and doing their best to make it difficult for the least widely informed to know the value of the protection they pay for. Life insurance has moved into the twentieth century spotlight of publicity, while fire insurance clings to the old laissez faire idea that the Lord helps those who help themselves and the devil get the hindmost.

OKANAGAN NEWSPAPERS ENJOY BUSINESS AS USUAL

FOLLOWING the authoritative suggestion of "business as usual," British Columbia weekly newspapers are prepared not only to advise such a course but to follow it themselves.

Of course, good newspapers can only be the product of a good field. It does not necessarily follow that all good fields are served by good papers. There are some good districts which are wretchedly served just as there are some poor areas that are excellently served. But it is generally observed that good fields are well served.

Dominion authorities are urging that there be no pause in Canadian business because this country is at war. It is felt that Canada's part, at present, is to be prepared to furnish necessary supplies of all kinds to the fighting forces and to the people of the British Isles who likely will find it necessary to increase purchases from Canada, other sources being cut off, or because of difficulty in

"You"

You are the fellow who has to decide
Whether you'll do it, or toss it aside.
You are the fellow who makes up your mind
Whether you'll lead, or will linger behind—
Whether you'll try for the goal that's afar
Or be contented to stay where you are.
Just take it or leave it. Here's something to do!
Just think it over. It's all up to you.

What do you wish? To be known as a shirk,
Known as a good man who's ready to work,
Scorned for a loafer, or praised by your chief,
Rich man or poor man or beggar or thief?
Eager or earnest or dull through the day,
Honest or crooked? It's you who must say!
You must decide in face of the test
Whether you'll shirk it or give it your best.

So whatever it is that you are wanting to be,
Remember, to fashion the choice you are free.
Kindly or selfish, or gentle or strong,
Keeping the right way or taking the wrong,
Careless of honor or guarding your pride,
All these are questions which you must decide.
Yours the selection, whichever you do;
The thing men call character's all up to YOU!

EDGAR A. GUEST

transport, finance, or of dislocation of sources of supplies.

At the annual convention of the British Columbia Division of the Canadian Weekly Newspapers Association, held in Vancouver last Friday, it was announced that many of the newspapers serving rural areas, are preparing to give more efficient service to their districts than ever before.

A few days after Canada's parliament voted this country into war on the side of the democratic nations who are carrying the torch so that freedom and liberty shall not disappear from the world, the Chilliwack Progress, published in the centre of the rich Fraser Valley, announced it had let a contract for a new building. From it, that newspaper will endeavor to give a greater service to the district and more particularly to its readers and the business men who find it the best medium for the carriage of their advertising messages.

For long, the Okanagan Valley has been well served by newspapers which have been adjudged to be leaders in the Canadian weekly newspaper field. The magnificent resources of this valley attracted enterprising newspapers to the service of wideawake and progressive businessmen who operate here, and to meet the demands by a much more than average, intelligent, and discriminating reading public. In eight years in which they have entered the annual competition conducted by the members of the senior division of the Canadian Weekly Newspapers Association, Okanagan valley newspapers have been leaders. The Penticton Herald has won the chief award three times and The Vernon News five times. In the next division, the Kelowna Courier, twice entered, has on both occasions carried off the chief award. All three newspapers have in addition won other honors, notably the Herald and the Courier for editorial pages, etc., and The Vernon News not only has won inclusion in Casey's All American eleven but from the pick of the ten years winners on the North American continent was again placed on the team. The Kamloops Sentinel and the Salmon Arm Observer, in nearby areas, have also won honors in main competitions.

In the service of their several districts, three Okanagan Valley newspapers are obeying the injunction "business as usual." The Vernon News is taking over more of the floor space in the building it occupies, and has purchased a new and better press for the job department. George Rose, the President of the company which publishes the Kelowna Courier, is making an addition to the building and the Courier is negotiating the purchase of a faster and better newspaper press. Recently it added an engraving plant to the services it offers the central district. In Penticton, The Herald last week awarded a contract for a new building to house that publication, so that Southern Okanagan Valley interests may be better served.

Should there be those who doubt the trends of business during this testing time, they may be well advised to consider what the local newspapers are doing. They are close observers of business opportunities. They have to be. The papers are simply keeping abreast of their communities so there may be no lack of essential services for the progress and development of their respective localities.

A Sense of Rumor

In times when a community is passing through a crisis, when reliable information is scarce, and yet it is known that important events are happening, there is always a temptation for people to lose their discrimination in the matter of news. Even those who keep their sense of humor are liable to add to it a sense of rumor, to develop a flair for a scare, and to become a sort of patent office for wild inventions. Too often authority is little better than that possessed by the rumor-monger in the rhyme, who protested that:

"Absolute evidence have I none,
But my aunt's charwoman's sister's son
Heard a policeman on his beat
Say to a housemaid in Downing Street
That he had a nephew, who had a friend
Who knew for a fact that the war would end."
No one, of course, would deny that there must be, in such circumstances, a natural anxiety to learn as many of the facts as possible. But citizens should not let their ears play truant at every idle tale—or, at the least, might emulate the old Yorkshireman, and "hear all, see all, say nowt."—Christian Science Monitor.

HOW LONG WILL IT LAST?

From The Vernon News Files

A committee has been organized in Vernon to collect contributions for the relief of destitute Belgians who have been reduced to the last limits of distress by the devastation that has swept their land. The officers of the committee are Hon. Price Ellison, honorary president; Mayor Smith, president; George Haggie, P. D. Verhaegen, vice-presidents. A concert is to be held in the Empress Theatre this week to raise funds for the Patriotic Fund and the Belgian relief work. Mrs. C. L. Bell has secured the services of a number of local vocalists including Miss Turner, Miss Mickelborough, Miss B. Forester, Mr. Byers and Mr. Edgar. Baroness Herry has arranged for a number of tableaux which will be a feature of the entertainment.—Canada will maintain an army of 50,000 men at the front. This announcement was made by Sir Robert Borden this week. Arrangements are proceeding to mobilize and equip the second expeditionary force of 22,000. Already there is nearing Britain the first expeditionary force of 33,000 of which 28,000 will go to the front and 5,000 will remain in England to re-inforce the first army.—Major-General Edwin Alfred Hervey Alderson has been given command of the Canadian overseas contingent it was announced in London this week and he will take charge of the

force upon its arrival in England.—An official announcement Wednesday, said that some ground between Chaulnes and Roye, lost by the Germans some days ago, has been regained by them. In the centre, however, the French have advanced at some points. On the left wing where Von Kluck, having been re-inforced, is attempting a turning movement of his own, is the scene of the vital combat today.—The fighting line is believed to extend to Antwerp, and the result will influence the fate of that fortress.—The Admiralty announces that the British submarine E-9 has returned safely after having torpedoed and sunk a German torpedo boat destroyer off the estuary of the River Ems between the Netherlands and East Friesland; in the North Sea.—There are 44,000 Canadian men under arms at the present time, according to a statement made by Col. Sam Hughes. These include the 33,000 who are on their way to England, 1,000 men who are engaged in the defence at Halifax, Quebec, and various garrison points throughout the Dominion.

Kitchener's Romance

In an old grey farmhouse in County Kildare, miles from the nearest town, lives the woman Lord Kitchener of Khartoum wanted to marry, writes T. Travers-Hutchins in the London Sunday Dispatch. All through his later life he was reputed to be a woman-hater. He never married. He was brief to the point of rudeness with women he had to meet. But his love for Miss Katie Kelly, farmer's daughter, whom he met when stationed at the Curragh in the late seventies, was never forgotten.

Now their story can be revealed—for the first time. "My Dear Little Katie," he called her in his letters to her after they were parted. "I am only happy when I breathe the same air as she does," he once told a friend.

With her, his sternness vanished. The rather solemn young officer relaxed, became gay, as they rode together down the green lanes that led from her home

at Hill of Rathbride, near the great military plain where he was serving.

But there was a shadow in their lives. Miss Kelly's mother disapproved of young Kitchener paying court to her daughter. Indeed, she did not approve at all of their friendship. For the Kellys were Catholics—and devout ones, and Kitchener was a Protestant. It was on that rock that the romance was to founder.

Now a little old lady of nearly 80, she lives alone, her only companion a single maid-servant, in the ivy-covered farmhouse where the great soldier came to visit her.

The garden is overgrown with weeds. The paddock where they jumped the splendid hunters for which Miss Kelly and her brother were famous, needs mowing. Hens and ducks are the only inhabitants of the stables. No laughing visitors come up the lane to Hill of Rathbride now.

Is It Prophetic?

Commenting upon Hitler's speech to the Reichstag in which he dramatically declared that "I again put on the uniform which was most sacred and dearest to me" and "I will take it off only after victory," a writer in the New York Post remarks that Hitler uttered almost identical sentiments 16 years ago when he urged a group of party associates to join him in the famous Bierbrauhaus putsch.

"You must fight with me," he cried at that time. "You must win with me or die with me. If this goes wrong, there are four bullets in my pistol—three for my associates if they desert me, the last for myself."

And speaking, he held his revolver to his head. The putsch was carried out and failed. Ludendorff, who had been tricked into the affair, walked calmly through the crowds into the hands of the police.

Adolf Hitler threw himself to the ground when the first shot was fired. In falling he bruised his arm, but that did not keep him from running. He found his car and drove it to the home of his friend, Franziska (Putz), thence to Ebing in the mountains where he hid until the police discovered him.

Rudolph Olden tells this story in his famous Hitler biography. Is it prophetic?

The Czechs Still Fight

Canadian Czechs will be included in the Czechoslovak army being organized in London with an initial strength of 15,000 men for fighting with the allied command, a spokesman told a Daily Mail reporter.

The force is being organized by President Eduard Beneš and Jan Masaryk, Czech minister to London. The spokesman declared that "a great many recruits from Canada will join in as soon as we say the word. There are more than 40,000 exiled Czechoslovakian subjects in Canada, many of them trained soldiers of our pre-Munich army."

He said Dr. Beneš expected to get consent within a few days from the French government to formation of a part of the army in France.

"We understand authorities in England also regard our scheme with good will," he said. Organization of the independent army replaces the proposal of a Czech foreign legion attached directly to the French army.

pro-Munich army."

He said Dr. Beneš expected to get consent within a few days from the French government to formation of a part of the army in France.

"We understand authorities in England also regard our scheme with good will," he said. Organization of the independent army replaces the proposal of a Czech foreign legion attached directly to the French army.

The King's Message

Pocket editions of the New Testament carrying a message from the King were issued by the British and Foreign Bible Society and the Scripture Gift Mission for the use of all serving with Britain's military forces and civil defence services.

"To all serving in my forces by sea or land or air, and indeed to all my people engaged in the defence of the realm, I commend the reading of this book," the King's message said.

"For centuries the Bible has been a wholesome and strengthening influence in our national life and it behooves us in these momentous days to turn with renewed faith to this divine source of comfort and inspiration."

Gasoline May Win War

"Not enemy guns, but the 'knocking' of her airplane motors will tell the doom of Germany in this war," declared Dr. Gustav Egloff, research director for an oil products company of Chicago, in an interview.

Attending the 80th meeting of the American Chemical Society, Egloff said Britain and France had facilities for developing "superior" gasoline from crude petroleum products obtained from the wells of Persia.

"On the other hand," he said, "Germany has principally the gasoline she obtains from coal—a product which not only diminishes the speed and carrying power of planes, but cuts down their life span."

Several months ago it began to be whispered throughout Germany that Hitler's five astrologers had all agreed that September, 1939 was to mark the climax of his career. It was supposed for that reason that he included in his last Reichstag speech the melodramatic sentences naming Goering as Feuhrer in case of his own death—also naming Hess as Goering's successor, and to the chagrin of Goebbels, previously considered Nazi No. 3 by all the world.

In my opinion the predicted climax has certainly come, but not as expected. For while it was not Hitler, but his avowed despatch General von Fritsch, who met death so mysteriously on the Warsaw front, Hitler has already signed his own political death warrant. The Moscow compact of September 30 is most certainly a grave threat to the British Empire, France, and to the whole democratic world. But it is much more than a threat to Germany. It is the death warrant of everything that Hitler in particular stood for, as distinguished from those things which military minded men must always preach and practice when they seize the reins of government in any country.

As readers of these rambling writings of mine know, I have all along expected first an understanding and finally a full fledged alliance between Bolshevik Russia and Nazi Germany. This seemed to me inevitable because the whole logic of world events and forces was moving that way, and such forces are as impersonal as glaciers and have a way of overwhelming personal prejudices of political leaders and the frothy utterances of political parties in their public speaking.

If I were now to hazard another prophecy it would be that the greater the danger to western democracy from the latest Russo-German threat the more certain it is that a defensive union of all the democracies will result, and that this union will eventually include not only the British Empire and France but the Scandinavian countries and also the United States. For there is no instinct in the human make-up so strong as the instinct of self-preservation. When the United States finally realizes just what the whole western world is now up against she too will take steps for her own self preservation while there are left in the world at least some nations still capable of helping her in the fight. A common peril, is a far stronger incentive to international action than the possibility of common plunder, which is the present basis of the German-Russian arrangement.

Hitler willingly or unwillingly went into the Russian deal with his eyes closed. There is no subject on which he is so clear as his book, "Mein Kampf," as the inevitable result of just such a deal as he has now made. On page 959 of the Reynal and Hitchcock edition, he says:

"An alliance whose aim does not comprise a plan for war is senseless and worthless... Thus the conclusion of a treaty which embodies the declaration of the next war. Its end would be the end of Germany... The present rulers of Russia do not at all think of entering an alliance sincerely or keeping one. We must never forget that the regents of present day Russia are common bloodstained criminals; that here is the sum of humanity... But one does not conclude a treaty with someone whose sole interest is the destruction of his partner."

Hitler must have a pretty low estimate of the intelligence of his own people if he imagines that he can first force millions of those people to buy his book, read such arguments, or listen to them over and over again through all the channels of the radio, and then expect them to forget them overnight. I think that millions and millions of young Germans fervently followed Hitler because, while they knew that he had faults like all other humans, they believed that he was a complete patriot and that he was sincere in his general line of argument.

Now they must know that he is either a colossal and deliberate liar; a weakling who surrenders his most vital point in a severe crisis; or a mere mouthpiece for forces behind him which are the real rulers of Germany.

History will write its own verdict. My guess is that the real explanation is a combination of all three.

Whatever the reasons which induced the real rulers of Germany to make the successive deals with Russia, there can be little doubt that one future effect will be the progressive extension westward of the Soviet frontier. It is already apparent to anyone who cares to study a map that Russia is now in a position to over-run the three little Baltic states.

What does it all mean? It means that she wants to; that she now can attack Rumania from two sides at once, that she has a common frontier with Hungary, which also has a Communist government that was only overthrown by military invasion from Rumania, supported from France. In a word, Russia is in a position to exert her influence throughout the whole of south-eastern Europe more effectively than has ever been the case in all history. Moreover she is now working in cahoots with the only power in a position to attempt to stop her, and that latter power, Germany, is going to be kept very busy in western Europe for some time to come.

What does it all mean? It means that Germany is no short sighted as to be a party to such a deal? One can only be mystified by such developments if one forgets what has been Germany's basic military policy ever since 1917.

Since 1917 Germany has been rather ineptly trying to outplay England at the latter's own game, namely the balance of power strategy which England has used ever since the days of Elizabeth to overthrow one potential world dictator after another.

When the United States entered the war in 1917 the German military leaders knew they were in a desperate spot. They knew they must take desperate measures to avoid defeat. So they facilitated the Bolshevik revolution of October 1917. Try and guess over it as the Communists do, it is as clear as crystal to anyone who will examine the facts that there never could have been a successful revolution in Russia but for the aid given by the German Central Staff to Lenin and his supporters. Indeed these never could have been Communists at all but for the physical assistance given by Germany. The reason was obvious. Germany wanted to create in Eastern Europe a made-to-order menace which would force western Europe to maintain her (Germany) as the bulwark against its spread.

It was once my job to read at least a dozen books dealing with the abdication of the Kaiser, with all of the private papers that passed back and forth between the various German leaders. Throughout the whole story there ran the one theme—that Russia could never afford to beat Germany so badly as to risk the swift possible expansion westward of Communism, as then already established in Russia.

From time to time Germany has reverted to an international policy based on that belief. And I believe such is the explanation of the deals with Stalin.

JOIN THE FIRE FIGHTERS

HOME OWNERS ATTENTION!

This coming week of October 8-14 has been set aside throughout Canada and the United States as Fire Prevention Week.

With the ultimate aim of bringing home to every resident of this city the extreme necessity for greater precautions where fire is concerned, the Vernon Fire Department is conducting a campaign to promote fire precaution consciousness.

In this regard, Fred Little, chief of the Vernon Fire Department, says:

"The tragedy and heartbreak attendant upon fire loss form a gloomy story to destitute families, unable to help themselves in their suffering; business enterprises laid low and forced into bankruptcy; death and the more terrible fate of people maimed. All this and more that is behind the headlines can happen right here in Vernon. Fire is no respecter of places or persons.

"The week of Oct. 8 to 14 has been set aside as Fire Prevention Week. Its purposes and aims are to show the destruction wrought by fires started through carelessness, fires that can be avoided by people who are aware of the dangers of taking chances. There will always be people who are foolish enough to believe nothing can happen to them. It is up to the rest of us to show these potential fire-bugs that this is a foolish attitude and one that can lead to all kinds of trouble.

"Let's get together. If we can all do our share to stamp out the danger of fire then we have gone a long way toward the achievement of the purposes of this week. Fight fire as you would any pest but don't take a chance. Play safe and you'll be safe."

Bearing out this statement are the figures which show fire loss in Canada to represent over \$550,000,000 in the past 15 years, while in 1938, 263 men, women and children lost their lives in fires across the Dominion. Fire loss in the city of Vernon has been \$1,641 during the past year, little more than half of that recorded in the previous year.

Never Do These:

1. Smoke in bed.
2. Use gasoline in house.
3. Put ashes in wood containers.
4. Leave oily rags in the house.
5. Leave rubbish near furnace or in attic.
6. Leave your chimney uncleaned for a year.
7. Use defective electrical apparatus.
8. Thaw pipes with an open flame.
9. Leave the house if you can smell smoke without ascertaining its cause.
10. Take chances with fires.

Do These:

1. Call fire department first in case of fire.
2. Give exact location of a phone call.
3. Stay at the alarm box if used.
4. Stay out of the way of firemen.
5. When driving a car pull to the curb on hearing the alarm.
6. Give your fire department your support in any way possible.

These figures are all the more terrible when it is realized that they show 80 per cent of all fires are preventable.

Every person in Vernon can do his part to help by following the few simple rules laid down by the organizers of Fire Prevention Week. They contain, in part, advice on how to clean up fire hazards that exist in the home, they give advice in the proper course to follow when fire breaks out, and they contain a particular warning to smokers, whose carelessness, it is recorded, caused \$2,427,000 worth of property damage last year.

Vernon is well protected by its Fire Department who, during the past two years, have been awarded diplomas by the organizers of Fire Prevention Week for the work they have done in promoting and carrying out the campaign of fire prevention work in this city.

This department is administered by a city fire committee under Alderman A. C. Wilde and the workings of the department itself is under the direction of Fire Chief Fred Little.

The city is giving the department its fullest support in pursuing this campaign, and Alderman Wilde, as chairman of the fire committee, states "It is the duty of every citizen to co-operate with the department in this fight against the danger of fire within this city."

The Vernon Volunteer Fire Department has a creditable record for not only its work fighting fires, but also for its efforts in organizing fire prevention week in this city each year. The members hope that the citizens of Vernon will co-operate in these efforts by reducing the number of hazards that exist around the home and around business premises. For it is only in this way that the objective of the department's fire prevention work can be gained.

They also hope that farmers and home owners in the district surrounding this city will, for their own protection, reduce the hazards on their property which does not come under the jurisdiction of the local brigade.

SILVER STAR HIGHWAY COMMITTEE APPLAUDED AT BOARD'S MEETING

Surplus Remains In Bank To Provide Grading Again Next Year

"That road is built and there is a surplus of \$331 in the bank to provide for grading it again next season."

With this statement President Everard Clarke, of the Vernon Board of Trade, enthusiastically pointed to the success of the Silver Star Scenic Highway committee, at the dinner meeting in the Chateau Cafe last Friday night.

That accomplishment speaks for itself. The President added, in referring to the work of Chairman A. E. Toombs, Vice-Chairman J. T. Mutrie, and other members of the committee who were Messrs. Poole, Fred Harwood, Edin, Morrow, Wilde, Whitehead, Fleming, R. Haggie, and Dr. Coutsler.

Much of the credit should rightfully belong to Forest Ranger J. W. McCuskey, said Mr. Toombs, in speaking briefly. "This was the man who gave us invaluable assistance."

"You have to go up to see the view yourselves," was Mr. Mutrie's statement. "Nothing I could say would do it justice. We now have a road that no motorist need have any fear of. Up there is one of the finest natural parks that exists in this country. The whole project will bring us splendid advertising. But to sum it up, I think there's one in fifty people who has the faintest idea what this place is going to mean to us in the future."

All who spoke on the Silver Star scheme thanked the merchants of the city who had donated so generously to provide a fund for the road construction work.

A vote of thanks to the entire committee was proposed by Dolph Browne, Vice-President of the Board, and another special vote of appreciation to Forest Ranger McCuskey was tendered on the motion of W. J. Oliver.

Also under the reports of committees, President Clarke announced that proofs of the second publicity folder to be released by the Board are now completed. "This committee is getting out a wonderful piece of work," he declared.

WESTBANK WOMEN PLAN SERVICE CLUB

Delegation Attended Meeting In Kelowna And Received Organizer's Advice

WESTBANK, B.C., Oct. 2.—Mrs. R. Fritchard, Mrs. David Gellatly, Mrs. Henry Exeter and Miss Minnie Hewlett attended the meeting held in Kelowna on Sunday for the purpose of establishing a Women's Service Club in conjunction with the military forces, and were advised to hold a meeting in Westbank for the purpose of establishing a local detachment of the Kelowna group. Arrangements for this meeting are being made.

The local committee of the Peachland-Westbank Victorian Order held a successful whist drive in the hall on Friday last, when 9 tables of players enjoyed the whist. Prizes went to Mr. and Mrs. Y. Yeulet, who were awarded ladies' and men's firsts; and the consolations were awarded to Mrs. W. Brown and C. Butt.

Refreshments were served following the game, and the committee are grateful to those attending as well as to those who sent donations. The Canadian Pacific car-slip, recently constructed at Westbank, is now in use. Since its completion last week several carloads of fruit and produce have been loaded there.

C. P. shipments are greatly facilitated as a result of this slip, because formerly cars left here on barges at the government wharf.

Mrs. Edwards, who has been staying with her parents, Mr. and Mrs. J. Basham, during the summer, and who, upon the outbreak of hostilities made arrangements to stay here for several months, changed her plans recently and, with her small son, left for her home in England. Mrs. Edwards was informed that she would be unable to notify her husband in England, or her parents here, as to the ship she would take or date of sailing.

Rob Hewlett, who has been in charge of a forestry camp in the Nicola, has returned home, as the camp has been shut down for the winter months.

Mr. and Mrs. I. Hurlburt and daughter, Wilma, of Vernon, spent Sunday with Mrs. Hurlburt's mother, Mrs. D. E. Gellatly.

H. Menzies and Earl Lundin spent the past week end back in the hills on a hunting trip.

Fintry Fairbridge Boys Learn To Pick "Macs"

FIFTEEN YOUTHS ARE BUSILY EMPLOYED ON ONE HUNDRED ACRES OF SPLENDID ORCHARD

It Is No "Institution" But Fine "Home"

It was a typical Okanagan summer day. On a broad verandah twenty-eight black iron cots stood in rows—and rows, each meticulously made—by grey blankets folded and tucked with almost military precision. Striped flannellette pyjamas peeped from underneath some of the pillows. An almost equal number of little khaki shirts were pinned by their tails on a gigantic clothes-line. But these are only a few of the minor details of that large family growing up into young Canadians of the finest type, known in this valley as Fintry.

This now universally known project is very near the heart of the editor of the "London Times," and in an editorial lately he refers to them as "Child Settlers."

The spacious and beautiful residence of the "Laird of Fintry," Capt. C. Dunlop, through his generous and outstanding gift to Fairbridge, is the summer home of these lads between the impressive ages of twelve to fourteen years. One says "home," and rightly, for this is the spirit emphasized throughout, and no restrictions such as one usually connects with this kind of work are imposed upon them. The kitchen is equipped with large stoves, where three hot meals are prepared each day, and where hundreds of cookies are baked, puddings boiled. Also, one is told in confidence by the house-mother, Mrs. Ella Gray, the famous trophy room has been converted into a playroom. Here, on shelves in long rows, are well-thumbed copies of "Chatterbox," "Boy's Own Paper," and such-like books, dear to the hearts of boys. A ring-pong set is in the corner. In the dining room are long tables where a babel of happy chatter greets the visitor. The lads were enjoying their evening meal on the occasion of this visit.

In the spacious living-room they assemble regularly for prayers. In charge of this huge family was the house-mother, Mrs. Ella Gray, herself the mother of a four-year-old boy. She had a capable assistant Mrs. Hanse, and four girls who help in their multitudinous duties. As foster-father is Mr. Garnett, himself a Rhodes Scholar, as was the distinguished founder, Kingsley Fairbridge.

Outside, the evening sun of a summer's day was within an hour of setting. Flowering and other shrubs made long shadows on the well-kept lawns. Myriads of bees droned away the sunny hours in masses of lavender.

Enderby I.O.D.E. Raises War Fund

Large Run Of Salmon Is Now Going Up Shuswap River To Spawm

ENDERBY, B.C., Oct. 2.—A most enjoyable evening was spent by all those who attended the bridge drive put on by the members of the Sir Douglas Haig Chapter of the I.O.D.E. on Friday evening.

The drive was held in the auditorium of the Vernon School to raise funds necessary for work the I.O.D.E. expects to be doing during the war.

Eleven tables were in play and later in the evening refreshments were served by members of the organization.

Following refreshments Mrs. E. E. Harvey presented prizes to Mrs. A. Dill for ladies' high score, to Wm. Kilner, gentlemen's high score, and to Mrs. P. Heskett, the consolation prize.

Bobby Dickson did the drawing for the check which was won by Miss Jack Dunn. The chair was the work of members of the hospital for the blind at Vancouver.

CREAMERY WORK PROCEEDING

Operations for the rebuilding of the Enderby Creamery are well under way. This week workers are busy tearing down unwanted structure in preparation for the new building.

David Howle, of Vernon, is contractor for the re-building of the creamery.

SALMON RUN STARTED
Crowds of Enderby residents have lined the Shuswap bridge during the past week watching the large runs of salmon which are now going up the river to their spawning grounds. The salmon appear to be as large and as plentiful this year as in any previous year and it is quite a fascinating sight for onlookers to watch the large fish tottering in the deeper waters until dark before they swim under the shadow of the bridge to continue on their way up the river. The fish never swim under a shadow on the water and as the bridge casts its reflection across the river during the day, they wait until evening before swimming up the river, thus affording a splendid view for all sight-seers watching from the bridge.

Jack Monk, principal of the Grindrod school, was a visitor in Enderby on Saturday this week.

Col. Logan, of Duncan, Now Visiting Okanagan School.

ender planted around the sundial. Giant fir stood sentinel, and here and there the blue of the lake was visible, where youths enjoyed two or more "dips" daily.

Growing up under this roof and among these surroundings are the little chaps, who "have been born on the unlucky side of the street." From all corners of the Old Land they have come. Newcastle-on-Tyne, Glasgow, Hull, London, were the respective birthplaces of a group of four intelligent lads to whom we spoke.

Anything savoring of the Institution must be swept from the mind's eye. Nor is it to be supposed that the boys were undesirable in the Old Country, for nothing is further from the truth. Exhaustive medical and mental tests are made, and the individual circumstances thoroughly gone into, before they leave the Old Country. The vision of the founder, Kingsley Fairbridge, was to combine surplus youth from the crowded city streets with surplus space in the Empire's colonies. To use an old idiom, to bring the mountain to Mohammed. Not to be overlooked is the social and imperial importance of this movement, dwelt upon by the president of the society, the Duke of Gloucester, at the annual meeting of the current year.

Early in September, several of the lads had to return from the Okanagan to Duncan, Vancouver Island, there to resume their studies, as this is their last and most important year. Time cannot be lost. There remain now fifteen of the younger ones, who will be returning shortly, and will soon make up for time lost. At the present time, however, they are busy picking the famous McIntosh apples, of which there is a good crop this year, from the one hundred acres of orchard at Fintry Fairbridge. Several other varieties of apples flourish there, as do soft fruits of all kinds, and pears.

Mrs. Ella Gray accompanied those of her charges who returned to Duncan, and her place has been taken by Mrs. Hanse, with Mr. Garnett still in charge.

This year was primarily and purely an experimental one as far as this end of it is concerned. Many factors will be weighed before next summer's plans are made. The same lads, with a few exceptions, may be

for lunch boxes was held. The highest bidder then ate supper with the partner who had prepared the supper box.

John McCulloch, of Vernon, was a visitor in Enderby over the week end.

Mr. and Mrs. Edwin Bertrum, who are at present employed in the fruit packing districts, motored home on Sunday this week for a short visit. Accompanying them was Mr. Bertrum's brother, Lloyd Bertrum, who is now working at Penitence.

Mr. and Mrs. Charles Whisker have had visiting them during the past week Mr. Whisker's mother, from Nanaimo, and his sister, Mrs. Wilson, of Princeton.

Mrs. Foote, of Vernon, has been enjoying a few days' visit during the past week at the home of Mrs. King-Baker.

Mr. and Mrs. Henry Vogel and family, of Rutland, visited at the home of Mr. Vogel's parents, Mr. and Mrs. Rex Vogel, over the week end.

SPECIAL PRAYER SERVICE

A special service was held in the St. George's Anglican Church on Sunday afternoon this week. The service was held at three o'clock in the afternoon and was conducted as an Anglican Day of Prayer set aside by a special proclamation of the Archbishop of Canterbury.

Miss Frances Gardner, who has been under hospital care during the past week, was able to return to her home on Friday.

Dan Bylyck, of Grindrod, followed to his home on Saturday following a few days' medical care in the Enderby General Hospital.

Nick Shumay, who had been a patient in the Enderby hospital suffering from burns received on his body and hands was re-admitted to hospital care again on Saturday.

The friends of Harry Worthington will be pleased to learn that his condition is improving nicely but he is still under hospital care.

Dick Nelson, of Company "C," R.M.R., who came home for a few days last week to attend the funeral of the infant child of Mr. and Mrs. O. Nelson, returned again to Red Pass on Thursday.

Mr. and Mrs. E. Mack are completing their visits with Enderby friends and relatives this week in preparation for their departure to their home in Chilliwack this week. During his stay in Enderby, Mr. Mack has enjoyed a few days' hunting on the old Enderby hills.

sent up; these will, of course, have the benefit of the experience of this season's work in the orchards, and will be known as "trainees." On the other hand, a fresh batch of youths between twelve and fourteen years or so may be along.

The farm training received at Duncan is, of necessity, more comprehensive and all-embracing than that received at Fintry Fairbridge, nevertheless the orchardist angle is to be by no means minimized. We were told of one youth of not quite seventeen years of age, who lately entered the employ of a farmer at Saanich as herdsman. He has taken complete charge of a large dairy herd, and under his handling, but-terfat content has increased, and calves have put on weight. He has designed a new barn, doing a great deal of the construction work himself. The training is so thorough, and the project becoming so well known in the agricultural field, that no difficulty is anticipated in finally placing the boys when they become old enough to face the world themselves.

A visitor at Fintry Fairbridge this week is Col. Logan, Principal of the Fairbridge School at Duncan, and until recently, one of the faculty of the U.B.C. Colonel Logan's connection with Fairbridge is of peculiar interest. He was present at the very first meeting of Fairbridge over thirty years ago, when, at a gathering of the Colonial Club at Oxford, Kingsley Fairbridge first launched his great idea. Colonel Logan is a Rhodes Scholar.

"We could not help thinking that if the great philanthropist Kingsley Fairbridge, now in that 'land which is very far off' could but look down and see this autumn picture of blue and gold and crimson; the three thousand acres of land which are now at the disposal of the organization which bears his name for work among the boys, the grey stone home with fragrant honeysuckle dripping from its walls and a blaze of autumn flowers in the gardens, with, above all, the happy healthful boys engaged in gainful occupations, his time of well-earned rest might be even happier. His motive was patriotic as well as philanthropic."

"We should waste nothing," he urged, "of our flesh and blood, or of the imperial soil from which we spring."

MARA VOTERS DO NOT FAVOR UNION LIBRARY

38 Votes Recorded Against Service While 15 Favor It

MARA, B.C., Oct. 2.—In the vote held on Saturday to decide whether the community would retain the services of the Union Library, 38 votes were recorded against its retention and 15 in favor.

E. Bennett, secretary of the Mara school registered the votes and Maurice Callens acted as scrutineer.

Mrs. Knapp and son, George, of Grindrod, spent last Sunday visiting at the home of Mr. and Mrs. C. Coell.

Miss Muriel Macready went on Friday to Kelowna, where she is spending several days with friends.

Mrs. A. Antilla was a business visitor to Vernon on Friday last. Mr. and Mrs. H. Stephens, of Kamloops, spent last Saturday on their Mara property.

Mrs. A. Witala and her sister, Miss Laureen Cadden, spent last Friday in Enderby at the home of their grandmother, Mrs. J. Cadden.

Mr. and Mrs. E. A. Robertson and Freddy returned to their home here last Thursday after spending the summer months at Okanagan Landing, where Mr. Robertson is employed in the C.P.R. shipyards.

The monthly meeting of the Mara Women's Society was held last Thursday afternoon, at the home of Mrs. J. Kirshfeldt, with a good attendance. Afternoon tea was served during the afternoon by Mrs. Kirshfeldt and Mrs. M. Callens.

Julius Callens went to Winfield on Saturday morning, where he has obtained work during the packing season.

BLAZE BADLY DAMAGES PREMISES AT KELOWNA

Almost Complete Loss Of Stock Suffered By Sherriff Bros.

KELOWNA, B.C., Oct. 2.—An almost complete loss of stock and a badly gutted building are the results of a disastrous fire which swept through the premises of Sherriff Bros. store in the Day Block at 2:45 o'clock Tuesday morning.

Damage to the building is estimated at more than \$2,000 while loss in stock and fixtures is estimated in the neighborhood of \$8,000. The building was fully insured but only partial insurance was carried on the stock.

The government office adjoining Sherriff Bros. store was undamaged except for a slight amount of water seepage and the effects of the smoke that entered it.

Advises Plan To Rid City Creek Of Cannery Deposits

Fish Are Being Killed By The Introduction Of Chloride Of Lime

The suggestion was made at the Monday evening meeting of the City Council, by Alderman C. J. Hurt, that a scheme should be formulated to rid the creek, that flows through the city of objectionable odors and deposits carried away from Bulman's cannery.

A committee of the Council should discuss this point, he submitted. Engineers should go over the problem. The city, moreover, should be willing to pay half the cost involved in an improvement program of this kind. The matter could be dealt with as one of the first before the authorities next year.

This discussion arose following receipt of a letter from Dr. O. Morris, Medical Health Officer. The latter said he had been interviewed by Messrs. W. S. Harris, J. S. Monk, and Jack Woods, representing the Vernon Fish and Game Protective Association, and that these men had emphasized the fact that fish were being destroyed in the creek.

"I feel that the destruction of the fish is due to the chloride of lime being put in the creek," Dr. Morris added.

The letter was received and filled, on motion of Alderman A. E. Smith, and at a later time in the meeting Alderman Hurt brought up his suggestion for correcting the situation.

"We're breaking the law by putting that poison in the creek," Alderman Hurt declared.

Alderman Smith suggested that the reports of fish being killed were exaggerated. Only a very few had been affected, in his view.

The discussion did not reach any final decision. No motion was put through the Council. The indication was that if any action were to be taken, it would necessarily be delayed until the 1940 Council takes office.

In 1804 the Bible had been translated into 72 languages; today it has been translated into 835.

Two-thirds of the Argentine is arid or semi-arid.

LUMBY GIRL MARRIED IN CITY ON TUESDAY

Mr. and Mrs. Stephen Shulley Plan To Reside In Lumby District

LUMBY, B. C., Oct. 2.—On Tuesday, September 26, the Seventh Day Adventist Church in Vernon was the scene of an attractive wedding when Frieda Ekert, daughter of Mr. and Mrs. Fred Ekert, of Lumby, was married to Stephen Shulley, of Vernon, with the Rev. Mr. Chapman officiating.

The bride was daintily attired in a bridal dress of white satin with veil to match. Miss Ella Holland and Fred Ekert were attendants.

After the ceremony, the bridal group returned to the home of the bride's parents where a wedding banquet was held for nearly a hundred guests. Later, the party adjourned to the home of Mr. Peto, a neighbor, and finished the evening with dancing.

The bride and groom will take up residence at the Chisholm Ranch, on the Shuswap Road.

Mr. and Mrs. G. Parker and Miss J. McLennan, of Okanagan Centre, were guests at the home of Mrs. F. Finlayson, in Lumby, on Sunday, September 24.

The travelling picture show, sponsored by the B. C. Forestry Branch, paid its annual visit to Lumby on Tuesday, September 26, and presented six entertaining and educational films to a large audience in the Community Hall.

Gordon Newberry, who last year attended Lumby High School, renewed former acquaintances in the village on Sunday. He is studying this year for his Senior Matriculation at Kamloops High School.

The Forestry camp for young men, conducted by Fred Warner and located in Trinity Valley, closed for the summer season, on Friday last. Mr. and Mrs. Warren Larson are receiving the congratulations of friends on the arrival of a baby girl last Friday.

Correspondence

Just A Friendly Hint:
Editor, The Vernon News, Sir:
Was surprised to see in last issue of The News that you were allowing some intellectuals on Bible prophecy to air their lack of history, past history, for most of us, scraping off the accumulation of dead leaves, dust, and dirt, of poor human forgetfulness.

Dear man, just a friendly hint, to yourself, the boys that are disturbing, the old and honorable, let 'em rest, and you might join them in trying your hand at poetry; something useful (soul inspiring), that will fit in with the times. As a lead let me show you what can be done.

From Our Boarding House at the Brackens
Once a fight was fought by Burns and Bell.
But Bell being quicker, on the trigger
He shot poor Burns, who went to hell.
But Bell had time to scheme and figure.

He figured if he, his sins repented,
He'd get him a pair of wings;
Fly up to Heaven and be contented
With his harp and crown and other things.

He also thought that he'd have lots of fun,
As he swigged his heavenly liquor.
To look on Burns, poor son of a gun,
Who went to hell, for not shooting quicker.

That jingle, Harris, I got from the notebook of one of Custer's men that had been taken from the body by the son of Wolfcamp, a minor Chief of the Hunkpapas, who was a very good friend of mine. That was in '77. Later old friend Ed. Nixon, 3 Troop, Fort Walsh, whilst patching my paw, talked me out of the book to send it to boy's folks down Virginia, by name of Ray Edmonds.

If we are at war, why not tell us some more about it?
Querrie—Why was Ian MacKenzie transferred—to protect the fact that we are in this jacket? It is a number of years too late.

With respects,
J. H. CHRISTIE.
September 25, 1939.

Magog's Identity
Editor, The Vernon News, Sir:
I see that Mr. Morley had decided not to answer my letter of September 21. I also feel that it is well to refrain from any more correspondence on the subject, but I cannot let Mr. Morley's statements in his last letter go unchallenged. If, as he says, there are some people interested.

Mr. Morley seems to infer that because I did not write a letter four or five columns long, giving conclusive evidence on this subject, that I was not in possession of it, but I have such evidence written by members of the Royal Geographical Society of England.

As regards historical evidence, if what I said regarding the location of such peoples is not satisfactory let me quote directly from the works of Josephus which I have in my possession.

"Magog founded those that from him were called Magogites but who the Greeks are called Scythians" (Antiquities, Vol. 1, Ch. VI). Scythia is according to the Society for the Propagation of Christian Knowledge—and according to H. G. Wells' History of the World, that country lying to the north of the Black Sea, Caucasus and the Caspian Seas. So that three well known authorities agree on Magog's identity.

Finally instead of walking into Poland "quietly" as Mr. Morley says, the Press reported severe fighting between the Poles and the Russians, the Russians thereby rendered the German military aid and they (the Russians) released German forces for use elsewhere. Russia is the seat of Bolshevism, known to us as Communism, a world wide anti-Christian menace. When Germany is beaten as she undoubtedly will be, what is to stop them from embracing Bolshevism? Then what?

Many possession. He (Josephus) says: "Magog founded those that from him were called Magogites but who the Greeks are called Scythians" (Antiquities, Vol. 1, Ch. VI). Scythia is according to the Society for the Propagation of Christian Knowledge—and according to H. G. Wells' History of the World, that country lying to the north of the Black Sea, Caucasus and the Caspian Seas. So that three well known authorities agree on Magog's identity.

Finally instead of walking into Poland "quietly" as Mr. Morley says, the Press reported severe fighting between the Poles and the Russians, the Russians thereby rendered the German military aid and they (the Russians) released German forces for use elsewhere. Russia is the seat of Bolshevism, known to us as Communism, a world wide anti-Christian menace. When Germany is beaten as she undoubtedly will be, what is to stop them from embracing Bolshevism? Then what?

Thanking you Mr. Editor for publishing my letters.
I am, yours truly,
A. GORSE.

Wood Ducks
Editor, The Vernon News, Sir:
It is generally known that the Wood Duck is protected at all seasons by the Migratory Birds Act but the administrators of that Act make no effort to educate sportsmen to recognize this duck.

Many sportsmen are at present innocent violators of the above Act and of our own game laws.

An increasing number of wood ducks may now be found at the head of Okanagan Lake and northward through the valley. The following notes may help to prevent them being killed in mistake for other ducks:

First, any flocks of ducks feeding on pea stubbles will almost certainly be wood ducks.

When flying they resemble wildgeon in size and white lower surface, the wings and tail of a wood duck are however broader and blunter than a wildgeon's and the former look darker beneath. The bill of a wood duck is inclined downwards in flight.

In the fall few wood ducks have the conspicuous markings of the drake in spring plumage.

An infallible recognition mark is the presence of white edges to the upper surface of the primaries or longest flight feathers.

The feet are yellow.

I shall at any time be happy to show visitors specimens of this or any other duck they may want to identify.

ALLAN BROOKS,
Okanagan Landing,

Wants "No Dumping Ground"
Editor, The Vernon News, Sir:
Are we going to be such mugs as to continue to pay relief to German families unless they are prepared to fight for us? If we are not sure of their loyalty then for goodness sake let us ship them back to Germany where they belong. We don't want minorities here.

Why should our lads go to the front only to return (if they do) to find Germans prospering? This is actually what happened during the last war.

Do you think for one moment that we should give similar consideration in German territory?

I, for one, bitterly resent paying one cent towards the upkeep of German families, especially those who have been left behind by their males now fighting against us. It doesn't make sense.

When will Canadians realize that Canada is British and not merely a dumping ground for aliens, enemy or otherwise.

Yours truly,
M. GODFREY,
Rainsford Ranch, Oct. 3, 1939.

Board of Trade

(Continued from Page 1)

months ago, and he was pleased to do so in his "home town."

Canada's estimated production this season is 16 million bushels. Of these 7½ millions are accounted for by Nova Scotia; 2 millions by Ontario, half a million by Quebec and 5½ millions in British Columbia. Ever since the original Empire Agreement at Ottawa, the Nova Scotia crop has found its way to Great Britain, leaving the markets of Quebec, Ontario, and Western Canada, open to the production of those areas, and these three provinces also had the means of disposing of their crop through such outlets as they could find in exports.

"In 1920 we had production of a million and a half boxes," Mr. McNair explained. "At that time the population of our primary market, the prairies was 2½ million. Our production in 1938 reached 5½ million boxes and the population in this reduced the prairie market had not increased. Consequently we are trying to pour into the prairies 3½ times as many apples as we produced altogether twenty years ago. Not only that but the buying power of our prospective consumer was greatly reduced by the depression as late as May of this year revealed that there were 500,000 on relief. This will serve to illustrate to you the marketing problem which concerns the Okanagan."

The five year Ottawa Empire Trade Agreement has been the one thing that has made it possible to even continue the production of apples in British Columbia, the speaker asserted. However, last spring a major change came about by the signing of the Canada-U.S. Empire Trade Treaty. This not only reduced the preference which Canada enjoyed with Great Britain from 40 cents to 27 cents on apples, but it also shortened the periods during which duty protection was granted Canadian producers on all other varieties of fruit. On pears the duty was reduced to 25 cents for 28 weeks, as against 15 weeks under the new agreement, "and by duty we mean that the Canadian product was protected to the extent of 40 cents per box. We are facing these new conditions regardless of the occurrence of the war."

REVIEWS WAR RESULTS
Mr. McNair reviewed the shipping facilities and the movement of her apple crop to Great Britain. Neutral shippers operating out of the Pacific have been ordered into neutral ports. Many British ships which previously carried apples have been drawn into the service by the government. Insurance rates have advanced. Ocean rates have gone up one-third. The British pound has dropped to \$4.25. Nova Scotia who formerly transported the bulk of her crop by tramp steamers can no longer use those ships to the same extent. The result is a serious loss of ability of conveying. All this means that the Canadian market was threatened with having large quantities of apples thrown on it, which in the regular course of events would have gone export.

Mr. McNair also reviewed the remedial steps that have been taken by the government as a consequence of this situation. This program, he pointed out, had already been revealed extensively in the valley press. B. C. Tree Fruits Limited, as it acts today, is not central selling in any ideal sense, but it is a step forward. "Exploded to smithereens" has been the old argument that 25 shippers acting in competition with one another could get more sales than could a centralized authority. The work involved, however, has been "tremendous."

One of the greatest problems recently has been disposal of the prune crop.

"Every effort has been made to interest the canning and preserving plants in this province, all without success; and the disposal of the balance of this crop does not look at all hopeful."

Dealing with sugar, Mr. McNair said a large portion "of our time has been engaged in arranging for supplies for the various points where a famine existed. We have been constantly in touch with the refineries in Vancouver and Raymond, Alberta, with the Food Control Board at Ottawa, and in every manner we could we have assisted in getting sugar to points where preserving cars had arrived. The business of sugar cost the sale of possible fifty to sixty cars."

During operation, "we have built up a good-will between British Columbia and the distributor, and the retailer. We have received many complimentary letters pointing out the improvement which has taken place in the quality of the British Columbia fruit. With the exception of tomatoes, claims due to deterioration and had condition have been the lowest in the history of this valley. As an illustration, out of 100 boxes of Bartlett pears we have only had three small claims which would not exceed \$100."

The cost of operation is not an additional cost to what the grower has paid heretofore. Mr. McNair also emphasized, "We are simply taken over certain functions which the shipper has performed, and there will be no increased deduction as the result of our existence. It is important that these should be particularly understood by all businessmen and all growers."

AS TO THE FUTURE
The decision must finally rest with the grower. It is the grower who is delivering his crop to the shipper, which is virtually handing his pocket book over to a second party. Consequently he is the man who should have the say as to how the disposal of his crop is to be arranged, and there are two very important factors in this; the growers

Do This If You're NERVOUS

Don't take chances on products you know nothing about or rely on temporary relief when there's need of a good general system tonic like time-proven Dr. E. Pinkham's Vegetable Compound, made especially for women from wholesome herbs. Let Pinkham's Compound help build up your physical resistance and thus aid in calming jittery nerves, loosen distended bowels, and rid the system of poisons and life threatening toxins.

For over 60 years our women have told another how to go "smiling" with Pinkham's—Thousands of women have written in reporting remarkable benefits—It's Pinkham's Compound.

Yours truly,
M. GODFREY,
Rainsford Ranch, Oct. 3, 1939.

must say it with one voice, and it is imperative that it be backed by effective legislation."

So far, the speaker declared, only the "uttering" of rationality before the producer and while there are many phases of fruit production in British Columbia that look rather dark, at the same time the lot of the producer can be bettered if the problems are faced as an industry and not as individuals and the speaker the Okanagan learns this, the sooner they will be on the way to getting better returns for the agriculturist, as it is successful agriculture that "There are 3,000 growers in British Columbia whose property, homes, and livelihood depend upon the fruit industry. In turn your success or

failure as businessmen hinges on the success or failure of agriculture. It therefore behooves all of us when we are discussing the fruit problem and expressing opinions on it that instead of being critical as is the popular thing, to let us aim to be constructive," the speaker concluded.
